NUSOUND TELECOMMUNICATIONS TO SPEAK AT INDUSTRY CONFERENCE OF LEADING BUSINESS TECHNOLOGY PROVIDERS

WHITE PLAINS – September 30, 2013 - NuSound Telecommunications, an industry leader in unified communications, announced today that the company is speaking at STAR CON, Technology Assurance Group's industry conference of leading technology providers. Technology Assurance Group (TAG) is an international association of independently owned unified communications companies collectively representing nearly \$350 million in products and services. TAG's STAR CON will capitalize on the amazing exchange of information, ideas and experiences between attendees for the betterment of the customers they serve. The event will be held in San Diego at the US Grant Hotel and is scheduled to take place on October 20th through October 23rd.

The objective of STAR CON is to bring the brightest minds in the industry together to discuss current trends, best business practices and

understand where the industry is headed as a whole. NuSound Telecommunications has been invited to attend this event because of their dominant standing in the marketplace and their desire to constantly remain ahead of the curve. The event will be packed with education from subject-matter experts and high-level discussion from the most successful companies in the industry.

"It's always a pleasure to attend conferences of this caliber," stated George Brindley Jr, COO of NuSound Telecommunications. "We thoroughly enjoy connecting with other successful companies and learning best practices that increase our offering to our customers. By maintaining a proactive approach in adopting new methodologies and spending the time required to see what's emerging on the technological landscape, we are better equipped to increase our customers' profitability and give them a competitive advantage. As a leader, we consider it our

duty to know what's coming and to help our customers adopt new technology. This proactive approach has served us and our customers well over the years and it is one of the main reasons for our success."

"NuSound Telecommunications is a premier Member of TAG and an elite company in our industry," said Brian Suerth, Partner and EVP of Technology Assurance Group (TAG). "Everyone in attendance will learn from their customer-centric approach and will benefit from their ideas as a model for success."
